Bloomberg Terminals

Last Modified on 10/08/2025 5:24 pm EDT

Terminals are available for accessing the Bloomberg Financial Markets data services.

Table of Contents

- [Logging In](#)
- [Location of Bloomberg Terminals](#)

The Bloomberg terminals are solely for the use of accessing the Bloomberg Financial Markets data services. The terminals provide students with real-time data on the market, news, and the world.

These terminals are not typical Wharton Lab computers; they do not offer the same applications.

Logging In

There are two steps to logging into these workstations.

1. Log into the Bloomberg workstation in the same as you log into any other Wharton public workstation.
2. Use the login information available at the Bloomberg terminals to log into the Bloomberg service itself.

If you do not see the login information, contact [Student Support](#).

Location of Bloomberg Terminals

[Top](#)

Jon M. Huntsman Hall

- Forum Level, across from the entrance to the F75 Computer Labs.

Does not support the Bloomberg Excel plugin.

Alternatives

S&P Capital IQ offers an alternative to the Bloomberg Terminals. Capital IQ is a research tool available to full-time MBA students. It provides students with in-depth reports of information about the financial, analytical, and research of companies, markets, and industries. The S&P Capital IQ Excel Plug-in is not available on the computers in Huntsman Hall.

For more information on the Capital IQ, visit the Library's [FAQ](#). If you choose to use the Wharton Research Data Service to access Capital IQ, please refer to the [WRDS Account Guide](#) in creating an account.
