Sending a Fax at Wharton

Last Modified on 08/26/2022 1:38 pm EDT

The publicly available printers and copiers do not have the ability to send a fax. There are a number of nearby options for students who need to send a fax.

Options for Sending a Fax at Wharton

1. You can use the **Scan to Email** feature of the multi-function public printers **if you're sending to a Wharton email address**. See Public Resources for Print, Scan, and Copy for more information.
2. To send a traditional fax, visit Campus Copy at 3907 Walnut Street during their regular business hours.

Note: Campus Copy charges a fee for this service.
