In this article, you can find out how to set up an email account and website for your Wharton club.

**Before You Start**

You might need one or more of the following before you can complete this task:

- Google@Wharton account

**Setting up an Email Account For Your Club**

To obtain an email account on Wharton's servers for your club, send an email to support@wharton.upenn.edu, including the following information:

- **Preferred email address for account.** The username has to be between 9 and 20 characters. It cannot contain any special characters.
- **Email Display Name** (this appears when sending emails)
- **Full Names and Wharton email addresses for administrators** These users will be administrators to the account, and will be responsible for adding additional users, and transferring ownership when graduating.

**Student Club Websites**

Student Clubs that would like to maintain a website have two main options:

1. **Campus Groups**

   Certain clubs have access to the Campus Groups application, a one-stop location for managing all aspects of student club activities. For more information, see below.

2. **Google Sites**

   Along with your Google@Wharton account you have access to Google Sites. This convenient resource allows you to create a website quickly and easily. To learn more, log into your Wharton Google account and choose the Sites option.

**Questions?**
