In this article, you can find out how to set up an email account and website for your Wharton club.

**Before You Start**

You might need one or more of the following before you can complete this task:

- Google@Wharton account

**Table of Contents**

- Setting up an Email Account For Your Club
- Student Club Websites
- Questions?

**Setting up an Email Account For Your Club**

To obtain an email account on Wharton's servers for your club, send an email to support@wharton.upenn.edu, including the following information:

- **Preferred email address for account.** The username has to be between 9 and 20 characters. It cannot contain any special characters.
- **Email Display Name** (this appears when sending emails)
- **Full Names and Wharton email addresses for administrators** These users will be administrators to the account, and will be responsible for adding additional users, and transferring ownership when graduating.

**Note:** The email address and display name must match the name of the club and the club must already exist in CampusGroups. If the club name is exceedingly long, abbreviations are acceptable to use so long as they match the club name.

**Student Club Websites**

Certain clubs have access to the Campus Groups application, a one-stop location for managing all aspects of student club activities. For more information, see below.

**Eligibility**

To see whether your club is eligible for a Campus Group, see this list: https://groups.wharton.upenn.edu/club_signup

**How-to Information**
For clubs and other student organizations using CampusGroups, use the CampusGroups Help Center to browse their knowledgebase of help and how-to articles.

**Specific Issues**

For more specific issues, use the CampusGroups Contact Us form.

**Questions?**
