Print From Your Laptop to Wharton Printers

Last Modified on 03/12/2024 3:58 pm EDT

Anyone with a Wharton printing account can configure their laptop to print to the Wharton printers. Printing via mobile devices is also available using MyPrintCenter – see our article on using MyPrintCenter.

> **Before You Start**
>
> You will need one or more of the following before you can complete this task:
>
> - A personal computer running either Windows or MacOS
> - Internet access
> - PennKey credentials
> - A Pharos Account

Configure your laptop to print to the Wharton printers by doing the following:

Windows Laptops

These laptop configuration steps are supported for the most recent **Windows** versions.
