**Accounts (Action Required)**

You must create your PennKey and Wharton accounts before you configure any of the services listed below.

After Creating your PennKey, it is strongly recommended to enroll in Self-Service Password Recovery (SSPR). If you do not enroll, it will be very difficult to reset your password if you ever forget it.

Access to Wharton services are granted over a period of time after creating your PennKey and Wharton accounts. While some services will be available within a couple of business days, others will not be available.
The Essentials

AirPennNet (WiFi)

Note: You can only set up your APN connection when on campus.
Printing at Wharton is easy! For instructions on the various ways to print, please see the instructions below.
