

Two-Step Verification (Google Accounts)

Last Modified on 09/02/2022 9:55 am EDT

The following article will outline the process of setting up Two-Step Verification for a Google account. Two-Step Verification is heavily recommended for all Google Accounts, both personal and student Google@Wharton accounts.

Before You Start (*Action Required*)

You must choose between **push notifications** or a **code generator** app before you can enroll.

For more information about choosing between Two-Step methods, see our [Two-Step: Methods of Verification](#) article.

Push Notifications: Android

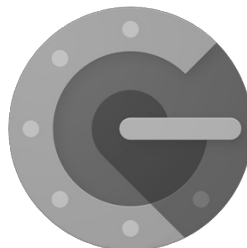

1. **Open** the Settings app
2. **Tap** Accounts, and then Add Account
3. **Select** Google and then sign in

Push Notifications: iOS

1. **Open** the App Store
2. **Download & open** the Google App
3. **Sign in** with your Google account

Code Generator App

1. **Android:** open the Google Play Store
2. **iOS:** open the App Store
3. **Download** the Google Authenticator app

Getting Enrolled

1) Enroll in Two-Step
