PhD Students should contact their [Academic Distributed Representative](#).

## Review Account Closing Dates

Your access to Wharton and Penn online services ends shortly after you graduate, and some services end earlier than others.

See our [Graduating Students: Account Closing Dates](#) article for a comprehensive table with important dates for your student accounts.

## Prepare Your Email for Transition

Your Google@Wharton account (Gmail, Google Docs, Google Drive, etc.) is *deleted* one year following graduation. Learn how to save important emails and begin forwarding to your [Alumni Forwarding Address](#).

### 1) Set a Change of Address Notice

Set an [Out of Office](#) providing both your Alumni Forwarding Address and a personal email address.

### 2) Begin Forwarding

Use your Wharton [Alumni Forwarding Address](#) to maintain a Wharton e-mail that forwards to a personal account.

### 3) Transfer Your Emails

[Transfer your Wharton emails to a personal account](#). We suggest starting this process shortly before or shortly following graduation.

## Manage Mailing Lists

*Before you leave campus*, unsubscribe from any mailing lists you're currently on. If you are the owner of a mailing list(s), identify and assign a new owner for the list. (Only **current Wharton students** can own mailing lists).

## Unsubscribe

1. Navigate to the [Mailing List App](#).
2. If prompted, login with your PennKey credentials.
3. Choose the **My Membership** tab.
4. Click **Unsubscribe** for each mailing list.

## Transfer Ownership

1. Navigate to the [Mailing List App](#).
2. If prompted, login with your PennKey credentials.
3. Choose the **List Ownership** tab.
4. Click **Edit List** for each mailing list.
5. Add any new owners and remove yourself.
6. Click **Submit Changes**.

## Migrate your G Suite Documents (for Club Owners)

When your Google@Wharton account is deleted, all shared documents will be as well! In order to avoid this, we suggest changing ownership for files that club members will still need as well as doing a complete backup of your account.

## 1) Change Ownership for shared files

Follow [Google's instructions](#) to change the ownership for each file to another Wharton user.

Yes, you have to do this for each file you want transferred!

## 2) Backup all your files

Use the [Google Takeout service](#) to download a personal backup of all your Google Drive files.
