Two-Step Verification is a service that provides an added layer of protection for your PennKey and Google accounts. After you log in with your username and password, you’ll be prompted to verify your identity – the second step – using a device in your possession such as a mobile phone or key fob.

For more information regarding various options for Two-Step, please see our Two-Step: Methods of Verification article.

Before you Start

You may need one or more of the following before you can complete this task:

- An active account (e.g. PennKey, Google)
- Administrative access to your smartphone (if you plan to install the recommended smartphone apps)
