About MyWharton for UGRs

MyWharton provides a central location for information students need and makes it available on any device. It has been designed from the ground up with student input and in partnership with staff members who interact with students daily.

Setting up MyWharton for UGRs

Review our MyWharton interface overview, subscribe to calendar feeds to get events in your personal calendar, reserve Group Study Rooms (GSRs), customize MyLinks for quick access to your favorite Wharton/Penn resources, submit events through CampusGroups that will sync with the MyWharton calendar, and manage notifications to get alerts about what’s most important to you.
Installing the Mobile App

Choose your device below to install the MyWharton app on your mobile device. MyWharton mobile allows you to access the same features as the website and also includes persistent login and notifications.
