Evaluating a Group Member

When evaluating your peers in FeedbackFruits, please note that the criteria components differ among assignments. For example, your instructor could require feedback in the form of just comments, a scale rating with a certain point range, a rubric, or a combination of all three. The example below depicts both comment and scale criteria.

1. Scroll to Give feedback to group members:
2. Click on the name of the person you will evaluate, or click Start Reviewing:

3. If the assignment requires feedback in the form of comments, you can select Write feedback. If there is a scale rating criterion requirement, you can drag the slider shown below to rate the review recipient on a certain point scale:
The review work depicted above may differ depending on the assignment setup.

4. You can return to your work at any time by selecting Finish Later:

5. When finished, you'll see ✓ Review Complete next to the group member you evaluated.

To evaluate another group member, simply repeat steps 2-5.
