Video conferences come equipped with features that can be used during lectures to assist with content delivery. These built-ins are available when creating and joining a meeting through Canvas. Some of the same tools may also be available when joining a meeting using an app or web browser, but not all will be.

### Before You Start

You will need the following before you can complete this task:

- A published Canvas site
- A video conference created within Canvas
- The latest version of the video conference program

### Table of Contents

- Accessing the Features
- Key Features
- Questions?

### Accessing the Features

**Zoom**

You can access all of Zoom's functionality when in a meeting via the meeting toolbar:

### Key Features

**Breakout Rooms**

All users need to have the latest versions of the Zoom app for best results with Breakout Rooms.

See our [Video Conference Breakout Rooms](#) article for more information.

**Whiteboard**

The Whiteboard feature can come in handy when participants need to view what you are writing in real time. It can take the place of writing on a whiteboard or using a document camera in the classroom. Learn how to [share a Whiteboard](#) on Zoom.
Annotation

Learn how to use annotation tools on a shared screen or whiteboard in Zoom.

Polling

Zoom does have an integrated polling function. Keep in mind that a single Zoom meeting can have a maximum of 50 polls with 10 questions each.
