MBA Pre-Term 2026 App

Last Modified on 07/23/2026 12:30 pm EDT

Wharton MBA Class of 2028 students: Welcome to Wharton! To help you navigate MBA Pre-Term, we've created a mobile app for you. It contains your cohort's schedule throughout Pre-Term and MGMT 6100 along with other information. Additionally, the app will allow you to receive push alerts regarding important news and reminders -- **please be sure to "allow notifications" in the app.**

Note: the Wharton Events app requires iOS version 17 or higher, or Android version 11 or higher. But don't worry, you can also access your schedule via the Web: https://whr.tn/mbapreterm

Download the "Wharton Events" app

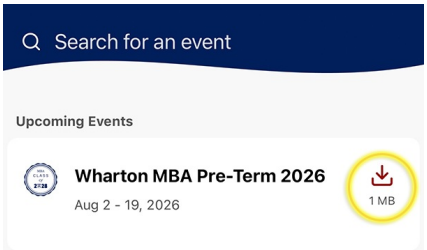
Go to the app store for your phone type and download the "Wharton Events" app. The links to each are:

- **iPhone/iOS:** Download the Wharton Events app from the Apple Store
- **Android:** Download the Wharton Events app from Google Play

Be sure to "allow notifications" for the app!

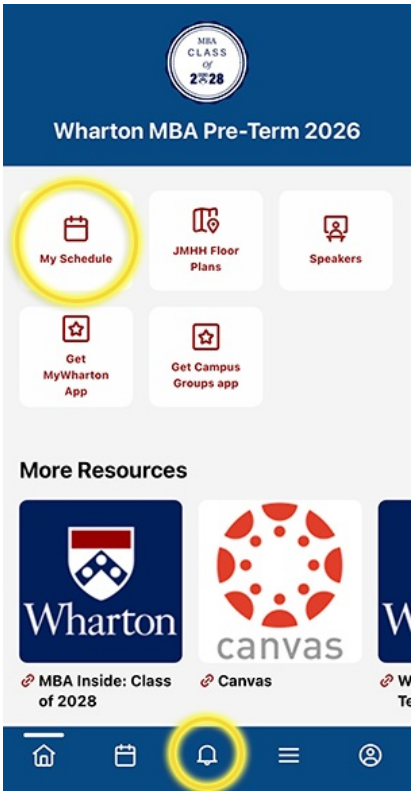
Download the MBA Pre-Term event

In the app, you will see "Wharton MBA Pre-Term 2026" as an upcoming event. Tap the download icon, then enter the event once downloaded:

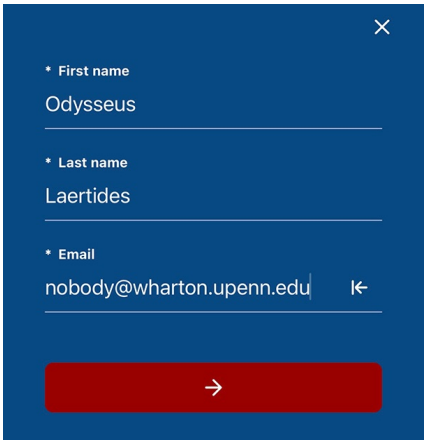


Log in to see your schedule

Tap the "Schedule" button and you will be prompted to log in. (Also note the Notifications icon at the bottom to see an archive of push alerts sent during Pre-Term.)



Log in with your name and your **Wharton email address** (*username*@wharton.upenn.edu). *(Pro-tip: don't worry about how your name might be spelled in the system; only the email address needs to match.)*



A 6-digit code will be emailed to you. Enter it on the next screen and then you will be logged in.

Your personalized schedule is available as a list and as a calendar grid. Tap the icon on the left to toggle between those views:
