# Policies, Standards, and Guidelines

These information security policies, standards, and guidelines provide the minimum requirements for the Wharton community to:

1. Enable the mission of the school.
2. Increase trust and reduce risk.
3. Address regulatory and legal requirements.

Wharton aligns with Penn's **Information Policies & Procedures**. This page will be updated regularly.

## Policies

**Policies** establish clear expectations for all members of the Wharton community regarding the safeguarding of sensitive information and digital assets.

- Information Security Policy

## Standards

**Standards** at Wharton define the minimum requirements for protecting information and digital assets.

- Risk Review Standard

## Guidelines

**Guidelines** provide recommended best practices aligned with Wharton's information security standards.
