# Faculty Whartonization Guide

Last Modified on 06/13/2025 2:13 pm EDT

To ensure your laptop and mobile devices are set up according to Wharton best practices, follow the steps below. If you have questions or would prefer in-person assistance, please contact our [Support team](#).

Faculty use the Microsoft-based PennO365 for their Wharton email solution.

## Table of Contents:

- [Accounts \(Action Required\)](#)
- [The Essentials](#)
  - [Wharton-provided Software](#)
  - [Productivity Suites \(Microsoft 365 & Google@Wharton\)](#)
  - [Email & Calendaring](#)
  - [IDEA Courseware Team](#)
  - [Cloud Storage Options](#)
  - [Information Security and Policies](#)
  - [Security Software](#)
  - [Antivirus Software](#)
  - [Helpful Campus Links](#)
- [Research Tools](#)
  - [Research Databases, Resources, and Surveys](#)
- [Admin and IT Resources](#)
  - [Public Profile](#)
  - [Departmental Resources](#)
  - [Faculty Tools](#)
  - [Technical Support](#)

**Accounts (*Action Required*)**

- You must have an active **PennKey** and **Wharton** accounts before you configure any of the services listed below.
- After creating your **PennKey**, we strongly recommend enrolling in **Self-Service Password Recovery (SSPR)**. If you do not enroll, it will be **very** difficult to reset your password if you ever forget it.
- Access to Wharton services is granted gradually after your PennKey and Wharton accounts are created. While some services can take up to 72 hours to propagate access.

How to get a PennKey Account

Faculty Wharton accounts are created by Client Support Services Team. Your Wharton account will allow you to sign into various systems. Depending on the system, it can be your PENNKEY, PENNKEY@wharton.upenn.edu, or wharton\PENNKEY.

You will need to set a new password for your Wharton account. To do so, please use this link:

<https://apps.wharton.upenn.edu/iam/password/>

## The Essentials

[Top](#)

### AirPennNet (WiFi)

**Note:** You can only set up your APN connection when on campus.

MacOS

[Windows](#)

## Cloud Storage Options

### Dropbox

Unlimited  
storage via  
Dropbox for  
Business

### Google Drive

Unlimited  
storage via  
Google@Wh  
arton

### OneDrive

1 TB data  
storage  
through  
your Office  
365  
account

### Penn + Box

Unlimited  
storage and  
single sign-on  
using your  
PennKey  
<https://www.isc.upenn.edu/pennbox>

## Information Security and Policies

Wharton Information Security Office

### Information Security Best Practices

<https://www.isc.upenn.edu/security/staff>

### Phishing

<https://www.isc.upenn.edu/phishing-spear-phishing>

### Acceptable Use Policy

<https://www.isc.upenn.edu/acceptable-use-policy-electronic-resources>

## Security Software

### FortiClient VPN

- Securely connect to Wharton Computing Resources

### GlobalProtect

- Securely connect to Penn Resources

### Secure Share

- Secure document sharing service
- Documents will delete themselves automatically

### **Duo Mobile**

- 2-Step Authentication tool
- Used for your PennKey credentials

### **DashLane**

- Securely save your passwords

### **Google Authenticator**

- 2-Step Authentication tool

## **Antivirus Software**

### **CrowdStrike**

#### **University Owned Devices**

- Unified Cybersecurity Platform
- Preinstalled

## Sophos Home

### Personal Devices

- Antivirus Software, free with a PennKey account
- Recommended for MacOS, compatible with Windows 11

## Windows Defender

### Personal Devices

- The default built-in Antivirus Software for Windows
- Recommended for Windows 11

Wharton Computing recommends ensuring Windows Defender is enabled.

1. Press the **Start** button and search for **Settings**
2. Navigate to **Update & Security > Windows Security > Virus & threat protection**.

## Helpful Campus Links

### Workday

- The University uses **Workday** for human resources, payroll, and job-related learning.

### Campus Security

- The Mission of the University of Pennsylvania's Division of Public Safety is to enhance the quality of life, safety, and security of our community.

### Penn Guardian

- Penn Guardian is an app that allows you to contact Public Safety and share information via phone or text message.

### UPennAlert

We recommend setting up UPennAlert for SMS alerts about security issues on campus. Instructions are available here:

[Faculty Staff Directions](#)

## Research Tools

[Top](#)

## Research Databases, Resources, and Surveys

### AI at Wharton

- [ChatGPT](#)

- Microsoft Copilot

### WRDS

- Web-based Business Data Research Service
- Access to over 250TB of data (financial statements, market data, ESG, marketing, economics, news, healthcare)

### Library Resources

- Access to: the **Wall Street Journal**, Additional study spaces, Vitale Digital Media Lab, Bloomberg terminals in Lippincott, subscription data sources including **Pitchbook**, **equipment lending**

### High Performance Computing

- The HPC Cluster is a flexible, cloud-based Linux cluster environment designed to support the school's academic

research mission.

- The HPC runs a variety of **research computing software tools**.

# HPC

## Qualtrics Survey Software

- Allows you to easily create, distribute, and analyze surveys
- Create detailed reports based on collected data

## Lippincott Library of the Wharton School

Resources for Faculty

## Admin and IT Resources
