MyWharton - Tools

Last Modified on 07/24/2025 9:38 am EDT

MyWharton (https://mywharton.wharton.upenn.edu/) provides a central location for all the information students need and makes it available on any device. **Tools** are another great feature of the portal -- find all the links you could possibly need.

Before You Start
MyWharton is available for Executive MBA, MBA, Undergraduate, and PhD students. Select staff will have access, as well. MyWharton access is granted in late summer before student arrival on campus, is accessed via PennKey login, and is available for up to 90 days following graduation.

Tools

The MyWharton Tools section provides quick access to the systems and resources you use most often as a student. Whether it's checking your email, accessing your learning management system, viewing your transcript, or logging into financial aid, Tools brings everything together in one convenient location. Many institutions customize this area based on your role or program, so the tools you see are tailored to your academic experience.

There are a ton of **Tools** listed by default, so you can use the **Search tools** function to find the one you're looking for.

All Tools

💡 Add tools to your menu by clicking the 'Add to menu' icon. If you see a lock icon next to a tool, it cannot be removed from your menu.

✓ Got It

🔍 Search tools   ▽

▸ **Academics**
