# Mailing Lists: Moderating a Message

Last Modified on 03/11/2026 2:38 pm EDT

Wharton mailing lists will run off of a Penn-hosted service starting **April 6, 2026**. Expect minor changes to the way you self-confirm and self-moderate your mailing lists. More information can be found in our article: [Wharton Mailing List Migration Updates](#) and documentation will be updated accordingly.

Wharton Mailing Lists require messages, in some circumstances, approval from a list moderator before they will be sent.

## Moderating a message

To approve the sending of a message sent to a moderated mailing list:

1. You will receive an email prompt for a approval from ISC's listserv (listserv@lists.upenn.edu). Reply to that prompt with **OK** in your message and your email will be released for distribution.

- **Moderation:**
